EDUCATIONUSA ACADEMY CONNECTS

STEAM Exploration & Skills for College Success

EducationUSA Academy Connects at UW-Madison provides international high school students the opportunity to explore life at a U.S. university and prepare for the application process in an online environment. Using the university's online tools, students will engage in activities and discussions with new friends from around the world!

STEAM EXPLORATION

- ★ Explore the dynamic world of STEAM careers and trends
- ★ Develop connections with UW-Madison students, faculty and staff
- ★ Understand how your interests, values and skills connect to potential STEAM careers
- ★ Be able to synthesize information about the wide variety of STEAM pathways
- ★ Be inspired by STEAM professionals' success stories
- ★ Apply acquired knowledge and skills to a final presentation on a STEAM research proposal

COLLEGE SUCCESS SKILLS

- ★ Build English confidence through discussion
- ★ Utilize soft skills such as critical thinking, problem-solving & creativity in group discussions
- ★ Expand knowledge of UW educational system and admissions, applying for financial aid, and the international student experience
- ★ Explore two other higher education institutions

2023 PROGRAM DATES

Winter: January 9 - February 23, 2023 **Summer 1: July 10 - August 4, 2023**
Summer 2 & 3: July 31 - August 25, 2023 (offered at 2 different time slots)

This program changed my life in every way possible, especially seeing the world from a different angle. The exposure at this age allowed me to out do myself.

—Judan, St. Lucia
